

ADVERTISE YOUR ROLES AT ENERGY & UTILITIES JOBS

With 277,000 energy and utilities vacancies to be filled by 2029, Energy & Utilities Jobs is THE place for roles in this sector.

We work with some of the UK's largest and most innovative companies within the energy and utilities industries.

We showcase apprenticeships, graduate programmes, and professional opportunities to help fill the talent gap.

If you're involved in the power, gas, waste and water industries you can start recruiting from as little as **£100**.
